

# Phideaux, Space Brother

When you coming  
Space Brother  
You been here before

Are you coming  
Space Brother  
You've been here before

I'll be here  
I'll be here  
I'll be waiting here

I'll be here  
I'll be here  
I'll wait here for you

I was thinking  
Space Brother  
Thinking you were near

You take care now  
Space Brother  
When you come back here
