

# Phil Collins, Testify

I want to testify, testify my love for you  
I'm here to testify, testify my love for you  
And I will do, all that I can do for you  
Together, we will be together

Come on testify, testify your love for me  
Testify, testify your love for me  
You can be all the things you want to be  
And together, we will be together

Every heart that's ever been broken  
Knows these things must not go unspoken  
Giving yourself, giving each other  
The strength to lean on one another  
I'll be there for you, you'll be here for me

That is why I want to testify, testify my faith in you  
Come on and testify, testify your trust in me  
We can be all the things we want to be  
And together, we can do it together

Every heart that's ever been broken  
Knows these things must not go unspoken  
Giving yourself, giving each other  
The strength to lean on one another  
I'll be there for you, I know that you'll be here for me

I want to testify, testify my love for you  
I'm here to testify, testify my love for you  
I will do everything that I can do for you  
And you know together, we will always be together
