

# Phil Ochs, I've Had Her

G C G C G  
The night air is inviting you to walk out on the trail

Em  
You will not fail

Am D  
You will not fail

G C G C G  
And by the beach a lady sails a ship without a sail

Em  
And you reach out for her

Am D  
And you reach out for her

C D  
But, I've had her

C D  
I've had her

G  
She's nothing  
Down the cliffs you clamber and you tumble to the shore

The warm waves roar  
The warm waves roar

And on the reef a mermaid siren screams one perfume more  
And she shouts to you

Through the foam she shouts to you  
But, I've had her

I've had her  
She's nothing

The players at the party are prepared to take a chance  
They drop their pants

They drop their pants  
In the corner, she's so crystalline no one dares to ask a dance

And she calls out to you  
And she calls out to you

But, I've had her  
I've had her

She's nothing  
In the prison of your broken bed you dribble in a dream

And find a queen  
And find a queen

But your sleep is sadly stolen by the face that is a stream  
That's flowing out to you

She's flowing out to you  
But, I've had her

I've had her  
She's nothing

The vision of the seven veils are racing down the road  
signs are slow

The signs are slow  
But beauty is the mistress and the beauty you've been told

You'd speed the route for her  
You'd speed the route for her

But, I've had her  
I've had her

She's nothing  
The fog has changed the city to a friendly frightened fawn

The shades are drawn  
The shades are drawn

To possess her misty madness you would gladly duel the dawn  
And fade out to her

And fade out to her  
But, I've had her

I've had her  
She's nothing

The circus clown, he hides a tear beneath his pained smile

And charms a child  
And charms a child  
While the dancing girls and prancing horse blows kisses down the aisle  
You'd roll about for her  
You'd roll about for her  
But, I've had her  
I've had her  
She's nothing  
All alone, the flaming field, your fairy love is spread  
Your time has fled  
Your time has fled  
Now the only way to touch her is the gun beside your head  
Now there's now doubt for her  
Now there's now doubt for her  
But, I've had her  
I've had her  
She's nothing
