

# Phil Stacey, Looking Like Love

Started off easy  
Downtown, the lights comin' on  
The sun goin' down  
You were leanin' back on me  
Just messin' around  
Puttin' your hair up in a ponytail  
Boat on a river  
Floatin' by, that's when you  
looked at me  
With somethin' else on your mind  
I took a chance  
And kissed you right on your smile  
Felt somethin' I ain't never felt  
But we knew somethin' just got  
set in motion  
[Chorus]  
How could we have known  
We were standin' on the edge  
of forever  
We didn't know where this was goin'  
But we were together and that  
was enough  
And when the sun came up  
Yeah, it was looking like love  
No time to wonder  
What lied past the curve of the earth  
Our place on that grass  
It fell out of nowhere  
It happened so fast  
We were just holdin' on  
So free, runnin' on young and innocent  
[Repeat Chorus]  
Baby, here we are  
Lookin' back on where we started  
[Repeat Chorus]  
Like love  
It was looking like love  
Yeah, baby
