

# Phil Vassar, Amazing Grace

I took a drive tody  
Saw an old willow tree  
I thought about a bedroom window  
Thought about you and me  
Yeah, talk about an endless summer  
I'm still living it now  
Burning in the heat of modnight  
I'll never forget how

## CHORUS:

You would whisper and pull me to ya  
Softly kiss me and  
Hallelujah  
I told you that I loved you  
And watched the tears fall down your face  
Your sweet face  
Back in the days when you were amazing Grace

Your Daddy was a deacon at the church  
I wasn't foolin' him  
He knew everybook, chapter and verse of a young man's sins  
But what about those nights I was just down the hall  
Holdin' on to heaven  
Prayin' that we wouldn't get caught so

## CHORUS:

You would whisper and pull me to ya  
Softly kiss me and  
Hallelujah  
I told you that I loved you  
And watched the tears fall down your face  
Your sweet face  
Back in the days when you were amazing Grace

Oh how sweet the sound when

## CHORUS:

You would whisper and pull me to ya  
Softly kiss me and  
Hallelujah  
I told you that I loved you  
And watched the tears fall down your face  
Your sweet face  
Back in the days when you were amazing Grace
