

Philip George & Dragonette, Feel This Way

Let me in it when you wanna
Let me in it when you wanna
Let me in it when you wanna
Let me in it when you wanna
Let me in it when you wanna
Let me in it when you wanna
Let me in it when you wanna
Let me in it when you wanna

Go down, or you shoot me down
I can high when you hold me
And it's only a minute and I'm all about you
Let me in it when you wanna
Let me in it when you wanna

You're the only one that makes me feel
You're the only one that makes me feel
You're the only one that makes me feel
You're the only one that makes me feel
You're the only one that makes me feel this way
You're the only one that makes me feel, feel
You're the only one that makes me feel this way
You're the only one that makes me
You're the only one that makes me
Wanna feel, wanna feel
Wanna feel, wanna feel
Wanna feel, wanna feel
