

Phillip Boa & The Voodooclub, Rome In The Rain

up we climb
a boy named hellen
up we climbed
a girl called heaven
the 1000 steps to greatness
the 1000 steps to health

take me to, take me to
take me to...
take me to rome in the rain
have some of the best days in our lives
let us be heaven in our hands
can you feel anything?
can you feel anything?

standing still in blasphemic roads
outbursts of laughter outbursts of insane
must be genius creating the rain
must be genius creating the rain

back in rome
when rome was in rain
walk around
like sparkling little wonders
blow up the rain
in blasphemic raincoats

take me to, take me to
take me to...take
take me to rome in the rain
have some of the best days in our lives
let us be heaven in our hands
can you feel anything?
