

Phillips Craig And Dean, Restoration

Looking at this falling race
Standing in the light of grace
We can't see the shadow of the past
Building our security
Truth lost its identity
But there's still time for us to get it back
If we sing hey now, hey now
And take some time for self examination
Say hey now, hey now
We need to be baptized in salvation

CHORUS:

If we sing hey now, hey now
What we need is restoration
Hey now, hey now
What we really need is restoration

Twisted in this awful mess
Swimming in our own success
Watching as the truth just fades away
It's time to put our faith to test
Let our souls be undressed
And show the world we mean what we say

CHORUS

Staring somewhere into space
Hoping to find some saving grace
I feel a tug within my heart
You roll the stone, pull me apart
Your light illuminates the dark
And makes my voice cry out loud

CHORUS
