

Phlebotomized, Desecration of Alleged Christian

Foul, subjective thoughts into the air
Objective inhale the atheistic breath
Slowly captivated by the suffocating mass
Twisting the cross from heaven to hell

Christ was glared upon
Seen by the frenzied meek
Haunted by the unspoken phrase
Followers have seen the one...ha...ha...weak

Desecration of alleged Christian history
Leading the noble disciples
Onto black massive infinity

Christ's assertion blazened out
As the depths peacefully smirke
Commanding the snorting beasts for his re-crucifixion
Visualize heaven's cross
Blaze in hell's fire
The cross of the fallen angel
Once again released...released

Twisting the cross (3x)
Twisting the cross from heaven to hell

Unsavable ones entrusted
Souls for God to keep
Meaningless words never seem to fail
To attract reinforcements from deep

Desecration of alleged Christian history
Leading the noble disciples
Onto black massive infinity

Christ's assertion blazened out
As the depths peacefully smirke
Commanding the snorting beasts for his re-crucifixion
