

# Phoenix, Alpha Zulu

Take a moment to decide to compromise  
You let me know some other time, some other day  
You're now closer to the start than to the limit  
Take a bow, vow to the sky, if you want to wait, great!

Woo ha  
Singing Hallelujah  
Pray to your God  
Cover your lies  
God or Guru  
Hey Hey Hey

Woo ha  
Singing Hallelujah  
Run for your life  
Cover your eyes  
Alphazulu  
Hey Hey

Tell me why, don't tell me when, don't tell me how  
I must have died at 51 in 1953  
Just accounting to the stars, the only reason I'm allowed  
There's a purple cloud in the consommé, ouais

Woo ha  
Singing Hallelujah  
Pray to your God  
Cover your lies  
God or Guru  
Hey Hey Hey

Woo ha  
Singing Hallelujah  
Run for your life  
Cover your eyes  
Alphazulu

Why choose your body over time?  
Why choose your body over time with me?

Get your close up to sublime the alibi  
Your Mona Lisa immortalized, décapitée  
I wouldn't change I wouldn't try another second  
Till I rise a hologram waiting for the tie-break

Woo ha  
Singing Hallelujah  
Pray to your God  
Cover your lies  
God or Guru  
Hey Hey Hey

Woo ha  
Singing Hallelujah  
Run for your life  
Cover your eyes  
Alphazulu

Why choose your body over time?  
Why choose your body over time with me?

Hey Hey Hey
