

Phosphorescent, Ride On / Right On

Let's go for a ride, hej you turn me right on,
Let's get on the bike, hej you turn me right on,
Ain't nothing to hide and hej you turn me right on,
The city at night, hej she turn me right on.

The kids in the park, hej they turn me right on,
The city at dark, hej it turn me right on,
Rose on the back, hej she turn me right on,
Ain't nothing will last but hej she tell me, ?Ride on?.

Take your greedy hands, lay em on me,
Take your greedy hands, honey, lay em on me.

It's not in the heart, but hej you turn me right on,
We sit at the bar and hej you turn me right on,
We lay in the dark, honey, hej you turn me right on,
We wait for the part and hej you turn me right on.

Take your greedy hands, lay em on me,
Take your greedy hands, honey, lay em on me.

Moving too fast, hej it turn me right on,
Shifting to pass, hej it turn me right on,
I know nothing can last, but hej you turn me right on,
And Rose on the back, hej she tell me, ?Ride on?.
