

# Piasek, 2 long

(How long will i wait for you  
How long will you wait for me?)

If you don't get too close  
You won't see the joke  
Maybe everything looks so cool  
Maybe i am just foolin'  
Hey, i am thinking just the same  
Better if you think again

I've been a faker  
Someone who didn't care  
And i would never want to be with someone like me  
But maybe one more night  
Could make us feel all right  
What a difference does it make?  
Tell me!

How long will i wait for you  
Too long for you  
How long will you wait for me?  
Oh, too long for me  
How long is too long?  
Too long, yeah!  
We've been wastin' so much time  
Life's too short  
It would be a crime

So who's behind the mask?  
You don't have to ask  
I'll tell you all there is about me  
My cards are on the table  
And i have really learnt to hide these feelings deep inside  
I know the honesty  
Within someone is nothing when you're cry

I've been a faker  
Someone who didn't care  
And i would never want to be with someone like me  
But maybe one more night  
Could make us feel all right  
What a difference does it make?  
Tell me!

How long will i wait for you  
Too long for you  
How long will you wait for me?  
Oh, too long for me  
How long is too long?  
Too long, yeah!  
We've been wastin' so much time  
Life's too short  
It would be a crime
