

# Picture House, Heavenly Day

(Maitland/Glenister)

Good morning - it's raining  
Everything you ever said - Yeah  
But, this morning, the way it's falling  
Nothing's landing on my head  
There's a cloud - grey - the lining it's shedding  
Can't touch my day - it's rice at a wedding  
And you, me and everybody I know  
Is waving us away

chorus

It's a heavenly day  
There's a whole lot more on the way  
It's a heavenly day  
Angels with me today  
If you could believe you'd see  
What else could it be  
It's a heavenly day

It's easy - believe me  
To get outside you situation  
I'm transfixed - all the red bricks  
Circle round in celebration  
There's a chalk smile drawn in the road  
It could be mine - I'm taking it home  
It's for you, me and everybody I know  
I'm giving it away

It's a heavenly day  
There's a whole lot more on the way  
It's a heavenly day  
Angels with me today  
If you could believe you'd see  
What else could it be  
It's a heavenly day
