

Piebald, Haven't Tried It

i haven't tried it but i think i quite decided
i won't wake you when you're dead
i haven't tried it but i think i quite decided
i won't wake you when you're dead
and if you mind them you can just go out and find them
take all this stuff people from the land
great communicator no time to wait you are no waitor
or should i say you won't save anything

and if you find a way out
that'll never do somehow
and if you find a way out
that'll never do somehow

handshakes have faded ownership that you created
you better watch the face that you've got on
charming i'll seat you it is not so nice to meet you
healthily shunned stop right here or now

i haven't tried it but i think i quite decided
i won't wake you when you're dead
i haven't tried it but i think i quite decided
i won't wake you when you're dead

and if you find a way out
that'll never do somehow
and if you find a way out
that'll never do somehow

and if you find a way out
that'll never do somehow
and if you find a way out
that'll never do somehow
