

# Piebald, Part Of Your Body Is Made Out Of Rock

It's a sunny day  
But you still have made mistakes  
The sunlight may not save you  
Laying down pitch-less hits  
Under green, green trees  
Why would you want to make anybody's life harder

I wouldn't have guessed you had a heart of stone  
The clothing store around the corner  
May not carry your size  
Looks like you may not make it 'til the end of the week

Remember high school  
You and Jackie went swimming in the pond  
Now all you do is eat and shave and sleep  
Some fond quotations  
In a book you may have read  
Filter into your situation
