Piebald, The Song That Launched A Thousand S

Well you're on the boat for sure Life jacket and suntan lotion Feel the sun beating down Under all its rays you feel unstoppable You think you can have it all The little mouse and the skyscraper You can sit back and relax Accumulation falls into your lap You make it obvious You want oblivion Look down on the rise and fall The movements of the fastest ones It makes your head spin Pour salt in the sounds when they come open Create a handout and take it back Make sure there's lack of self-control Create new words to the wise Can you measure honesty through eyes
