

# Pierce The Veil, Falling asleep on a stranger

Well, you know that I'm cold  
Black on constellations gold  
And you know that your soul's  
Black top under lacing won't let it go  
It was all for you, all for you and more  
She won't chase him anymore

To the end, never leave  
Fall asleep on the first I face  
And they say play the game  
You and me found love  
Lost under the shade

Well, you know I'm a ghost  
Pull the note out of my throat  
And leave me alone  
But it's all for you, all for you and more  
He won't take her anymore

To the end, never leave  
Fall asleep on the first I face  
And they say play the game  
You and me found love  
Lost under the shade, yeah

Come back to my heart  
Come back to my heart  
Come back tonight, tonight  
Come back to my heart  
(I don't care)  
Come back to my heart  
(I don't care)  
Come back tonight, tonight
