

# Pierce The Veil, Stained Glass Eyes And Colorful

I changed your mind  
And ended up here.  
Through stained glass eyes  
And colorful tears

Fine...  
Maybe I'll pretend right now  
But I swear to God  
I'm gonna change the world  
And I promise you  
Someday we'll tell ourselves  
"Oh my God, this is paradise"

I cherish my  
American girl  
She holds them down  
While I destroy the world  
My desperate crimes  
She don't seem to care  
(Oh yeah)  
She bites her tongue  
So that we can tell each other  
"Baby this is paradise"  
"And it's so god damn good"  
Now we live like we should

Fine...  
Maybe I'll pretend right now  
But I swear to God  
I'm gonna change the world  
And I promise you  
Someday we'll tell ourselves  
"Oh my God, this is paradise"
