

# Pig Destroyer, Delusional Supremacy

Single file lemmings  
We prepare our mandate in effect simply  
A testament to our gullability  
With each pull of the lever  
We lend credibility to an institution  
Which we can only repaint  
Never reconstruct our perceived power of change  
So divided and spread so thin  
So as to be rendered ineffective  
If the collective voice cannot be heard  
Then the collective wrath must be felt.
