

# PIG, Flesh Fest

I've earned me an armful  
Boom boom boom  
Get me a sample  
Zoom zoom zoom  
Bring me once more to the breach  
The tarred and bitter bite of shame  
Turn one more trick and you could teach  
Your piss poor parody of blame  
Get down, shut up, baby, learn  
I'll absolve while you observe  
Take this pork on your fork  
Take your sides and hitch a ride  
Cut this cord and we will spill  
The juice that holds the little thrill

Squeeze into the guilt that holds me  
The twisted arms that you have sold me  
The broken bridge you take me through  
These fickle, foaming lies told by you

Flesh fest  
Just like you  
Flesh fest  
Just like you  
Flesh fest  
Just like you  
Flesh fest  
Just like you

This little piggy goes boom boom boom  
Hide you hope and it's zoom zoom zoom  
The door of dismal daily strife  
Open for this hopeless life  
All dressed up in blood stained silk  
The diva of his dirt and ilk  
In the gut and gristle on this ground  
Where I've been lost, but now I'm found

Squeeze into the guilt that holds me  
The twisted arms that you have sold me  
The broken bridge you take me through  
These fickle, foaming lies told by you

Flesh fest  
Just like you  
Flesh fest  
Just like you  
Flesh fest  
Just like you  
Flesh fest  
Just like you

I got little thing just for you  
I hope you're gonna think this through  
Hold your nerve and hold your serve  
Suck this thing that you don't deserve  
Mismanaged miscreant's mistake  
Misconduct missed in misery

Flesh fest  
Flesh fest  
Flesh fest  
Flesh fest

The broken bridge you take me through  
These fickle, foaming lies told by you

Flesh fest  
Just like you  
Flesh fest  
Just like you  
Flesh fest  
Just like you  
Flesh fest  
Just like you
