

# PIG, Junky

Your regular attraction's  
Now my terrible distraction  
From the devil's debt, here it comes  
A little deal dressed up as an invitation  
Now my final ultimatum  
Healing hands now blame me  
Shoot, shovel, shut up, baby

Cause I'm a junky  
I'm a junky all the time  
Now I want it, so come and fuck me  
I'm a junky all the time  
Now I want it, so come and fuck me

Non-belongers, non-believers  
Distant dogs howl distantly  
Free to flight, fight, and beg  
My open arms, your open legs  
Thy silent self-blame slowly seeks  
Mouth to mouth, survival weeps  
The shortest cut comes to cheat  
The blinded beast becomes the priest

Cause I'm a junky  
I'm a junky all the time  
Now I want it, so come and fuck me  
I'm a junky all the time  
Now I want it, so come and fuck me  
Fuck me  
I want it

Your beauty burns into this brain  
The loan is paid by hurt and pain  
Faith is feeling, fear-stealing  
Love is fire, seduce this liar  
Rejections lost, retaliation  
Fear is rehabilitation

Big god!  
Big plan!  
Big gun!  
Big bang!  
You hear!  
I'll heal!  
But still I'll hang!

I'm a junky all the time  
Now I want it, so come and fuck me  
I'm a junky all the time  
Now I want it, so come and fuck me
