

Pigeon John, Life Goes On

Life Goes on

It goes one for the money, two for the show, three for my niggas who got
in the back door, four for the honey dips, five for my bros, and death is my breath kept
in with no flow when it is so slow you see my life dont grow and my raps only collect
damn so so, because every word that I write seals my fate losing every single one of my friends to
and its coade in my mind like a continual war chime and in my head yelling at the past
ain't dead but its alive and many stories to tell exiting a cell only to a new jail destined to fail it
seems and my positivity is trapped in dreams but I gotta let it shine to affect my team I cant go
back gotta press on black yo life goes on

Chorus

No matter if your life is tattered and you cant fix what went wrong Life goes on
No matter if your life is battered your a hook in your own theme song Life goes on
your a fighter but the grip is tighter and you know that you cant stand long life goes on
But its gonna get brighter, (life goes on), But its gonna get brighter, Life goes on

If ever your hungry should never fell lonley cause GOD is with you
If I would know I could make a return give me frankenses mern his ashes in the urn but learn
Life goes on
chat the psalm I sing solomon songs a little trouble be gone will be like wrong with this Im sickens
Rhyme kicken consiousness and times slipping thats why Im taking risks
Its us prosicuted without cause the law and all of them chases an outlaw
who did nothing to know one he just dont understand who he where he comes from
but I know
when your playing there game your stuck on this airplane youll always be fair game
Survival
your liable ta go nuts but still gotta hold up I know it gets tough believe
Life Goes On

Chorus

Truth is told but you cant go,(Live for life and love levatating mix)
3x times

Chorus
