

Pilfers, Skungle

Ah - hoy! We come, fi nice up the scene when
You're purple or your black or your pink or your green
Ah-hoy! The cry of the poor man
Destinations, Zion I'm stepping out of Babylon
Now that we got your interest
Yes just let your faith and the Father, do the rest
Hear me now
Kick up your heels to this one - one ' one - one
Kick up your heels to this one - one - one - one
Mi nah care who want come criticize
Mi no sey di father na go left by mi side
Satan follers gwine to collide
And their vibes gwine subside
