

# Pillar, Reckless Youth

Reckless youth!

Don't let emotion stop you  
Don't start to hesitate  
Don't let the fear you have  
Inside you start to resonate

Stop buying lies they sell you  
Stop wasting all our time  
Start looking for the  
Opportunity for us to shine

If you're afraid to fall  
You'll never make the climb

[Chorus]  
We are the fearless ones  
We are the loaded guns  
With nothing left to lose  
We are the reckless youth

We are the chosen ones  
We'll never have to run  
There's nothing left to lose  
We are the reckless youth  
[Chorus]

Let your fear motivate you  
Don't let it get you down  
You've got to get up  
Hold your head up high

It may be the only chance we've got  
For us to save the day  
No time to doubt it now  
Before it gets too late

We've got to make our move  
'Cause we're the reckless youth

[Chorus]

[2x]  
Stop wasting our time  
Let's step to the line  
Like soldiers we fight  
To the end of our lives

Let's break the rules  
But don't play the fool  
'Cause we are  
[2x]

[Chorus 2x]
