

Pinay, Come Go Away With Me

boy, let's take some time
go find a place where we can get away
and free our minds
don't hesitate
we can escape to a world that's all our own
so baby don't delay

chorus
come go away with
come live fantasies
don't let these days go by
'cuz boy we're wastin' time

world of possibilities
imagine what two of us can do
together you and me

and when the sun goes down
we can wrap ourselves inside our love
with no one around

chorus 2x

you and me boy living in a fantsay
you and me boy living in a fantsay
you and me me and you living in a fantasy
you and me me and you living in a fantasy

chorus 4x

you and me me and you living in a fantasy 5x
