

# Pinay, Everything (You'll Be Missing)

I gave everything baby that you could ever want  
I gave everything baby that you could ever need  
I gave all my love, I gave all my time  
And baby you don't know what you'll be missing  
I gave everything baby that you could ever want  
I gave everything baby that you could ever need  
But now I'm gone, I'm movin' on  
And baby you don't know what you'll be missing  
I don't wanna hear your reasons  
I don't wanna hear your lies  
Unfaithful boy you've been I've known so I  
I've got no tears left baby  
I've got no tears left to cry  
Baby I'm already leavin'  
It ain't so hard to say goodbye  
"cause when your lies became a burden  
I knew it's time to move on  
Baby move on with my life  
So baby don't you try to stop me  
There ain't no way to change my mind  
And when you reach the wall of loneliness  
Don't try to turn back baby  
"cause I'll be nowhere to find  
You thought I'd always be beside you  
You thought I'd always believe your lies  
You thought I'd never have the strength to leave you  
I know you'll be sad when I'm gone  
I'm ready never wanna see you  
I'm ready to stand on my own  
I can't believe I ever loved you  
Made up my mind  
I'm gonna move on with my life
