

Pinback, Hohum

(you gotta fuckin' get down here)

It's a fact I know it
There's somethings I can't live down
Yes indeed I've blown it
It's a black eye on the gang

No one's gonna take the pair of scissors
stuck in my arm from you (woh oh woh oh)
No one's gonna try to repair the
messages that you pushed me to (woh oh woh oh)

(some testing)
Look out, falling boy comes down
He's about to take you out (oh everybody now)
As the wind is screaming thru his ears,
It's a very private sound (oh everybody now)

No one likes me when I'm shy (woh oh woh oh)
Caught up in a bet
I've lost again
Caught up in the trap I don't wanna (woh oh woh oh)
be in no more

you forget I'm awake
I forget I'm awake (ohhooohohho-oh)
you forget I'm awake (ohhooohohho-oh)
I forget I'm awake (ohhooohohho-oh)

I want to breath in blue
I want to breath in blue
I want to breath in blue (Green as the sky from under the pond)
I want to breath in blue
I want to breath in blue (Clear so it must be a mirage)
I want to breath in blue
I want to breath in blue (Green as the sky from under the pond)
I want to breath in blue
I want to breath in blue (I wanna breathe in blue, too. May I?)
I want to breath in blue
