

# Pinback, Syracuse

I step down into sand  
Water carries us from here  
(Whatever the thing that set you up  
Set you off and down again)  
I'm fightin' this assignment  
I'm wishin' we fall into the well  
I'm fightin' this assignment  
I'm wishin' we fall into the world  
(Until he's spared no reason)  
I step down into sand  
Water carries us from here  
(What he doesn't know  
What he doesn't know  
Could fit inside a thimble)  
I missed your montone  
I missed you... far away...
