

# Pink, All I Know So Far

I haven't always been this way  
I wasn't born a renegade  
I feel alone still feel afraid  
I stumble though anyway

I wish someone wouldn't have told me  
That this life is ours to choose  
No one's handing you the keys  
Or a book with all the rules  
The little that I know  
I'll tell you  
When they dress you up in lies  
And you're left naked with the truth

You throw your head back  
And you spit in the wind  
Let the walls crack  
Cause it lets the light in  
Let 'em drag you through hell  
They can't tell you to change who you are  
That's all I know so far  
And when the storms out  
You run in the rain  
Put your sword down  
Drive right into pain  
Stay unfiltered and loud  
You be proud of that skin full of scars  
That's all I know so far  
That's all I know so far

That's all I know  
That's all I know so far  
That's all I know  
That's all I know so far

You might give yourself away  
Pay full price for each mistake  
But when the candy coating hides  
The razor blade  
You can cut yourself loose  
And use the range

I wish someone wouldn't have told me  
That this life is ours to choose  
No one's handing you the keys  
Or a book with all the rules  
The little that I know  
I'll tell you  
When they dress you up in lies  
And you're left naked with the truth

You throw your head back  
And you spit in the wind  
Let the walls crack  
Cause it lets the light in  
Let 'em drag you through hell  
They can't tell you to change who you are  
That's all I know so far  
And when the storms out  
You run in the rain  
Put your sword down  
Drive right into pain  
Stay unfiltered and loud  
You be proud of that skin full of scars

That's all i know so far  
That's all i know so far

That's all i know  
That's all i know so far  
That's all i know  
That's all i know so far  
That's all i know  
That's all i know so far  
That's all i know
