

# Pink Cream 69, Big Shot

You know you're never gonna be a friend of mine  
Communication on your level's a waste of time

I can see you're only good for nothing  
Look around you're out of control

Big Shot, walking on the water  
Gotta prove the world so wrong  
Big Shot, shining like no other  
Gotta show the world you're here to stay  
King of the day

You can try but you won't see through his lies  
With just a word you can cut him down to size

I can see you're only good for nothing  
Look around you're out of control

Big Shot, walking on the water  
Gotta prove the world so wrong  
Big Shot, shining like no other  
Gotta show the world you're here to stay  
King of the day

Big Shot, walking on the water  
Gotta prove the world so wrong  
Big Shot, shining like no other  
Gotta show the world that you're strong

Big Shot, walking on the water  
Gotta prove the world so wrong  
Big Shot, shining like no other  
Gotta show the world that you're strong

Big Shot, walking on the water  
Gotta prove the world so wrong  
Big shot, shining like no other  
Gotta show the world you're here to stay  
You fake, you cheat, you liar!!!  
Hey!!!
