

# Pink Cream 69, Do You Like It Like That

[Andi Deris]

How many times have I died because of sorrows ?  
So many times I've been scared about tomorrow  
Never knew why, now I'm asking for a reason  
How many tears, tell me, how many tears will fall ?  
How many fools have been paying for the evil ?  
How many "Gods" have been lying to the people ?  
Where are you now that I'm asking for the reason ?  
How many tears will fall ?

When the sheets are empty - Do you like it like that ?  
When your heart is empty - Do you like it like that ?  
When your pockets are empty - Do you like it like that ?  
When your life is gettin' cold  
Do you like it like that ?  
How many lies can you tell to hide an error ?  
How many smiles can you practice in your mirror ?  
Where are you now that I'm asking for the reason ?  
How many tears, tell me, how many tears will fall ?  
How many men have been trusted out of season ?  
How many promises broken without reason ?  
Where are you now and what about tomorrow ?  
How many tears will fall ?

When the sheets are empty - Do you like it like that ?  
When your heart is empty - Do you like it like that ?  
When your pockets are empty - Do you like it like that ?  
When your life is gettin' cold  
Do you like it like that ?
