

Pink Cream 69, One Time Is Not Enough

Waking in the morning and I stare at the wall
Now my angel has seen through my sins
Thinking about my life when I was going insane
Well I guess now I can take the pain

It's not you, it's not me
It's just the way that it is
It's not you, it's not me
I know the feeling is real
And it's no exaggeration

One time is not enough, it's not enough
And you know it's for the better of two
One time is not enough, it's not enough
And you know it's for the better of two
But what should I do?

You could see right through me so I packed up my bags
Getting sick and tired of my lies
Waiting at the station feeling down on my luck
With a picture of you stuck in my mind

It's not you, it's not me
It's just the way that it is
It's not you, it's not me
You got my mind in a twist
And it's no exaggeration

One time is not enough, it's not enough
And you know it's for the better of two
One time is not enough, it's not enough
And you know it's for the better of two
But what should I do?

When I was loosing my face
I never really cared
I guess I got to pull myself together now
I know, it really drives you crazy
This time will be alright

I know it's a lie
Never wanted to say goodbye
And you know
In my heart and my soul
I've got no place to go

One time is not enough, it's not enough
And you know it's for the better of two
One time is not enough, it's not enough
And you know it's for the better of two
But what should I do?

One time is not enough, it's not enough
And you know it's for the better of two
One time is not enough, it's not enough
And you know it's for the better of two

I know it's a lie
Never wanted to say goodbye
And you know
In my heart and my soul
I've got no place to go
