

# Pink Cream 69, Talk To The Moon

I would never leave you  
Any night, any day  
I would never tease you  
As you - heartless - do to me

I will always love you  
Till the end of my days  
I would like to own you  
But you're turning away

Oh baby...

Could it be you're blind?  
Could it be you'll run away, baby?  
Could it be my point of view?

If you talk to the moon  
You'd better let me know soon, oh oh  
Oh oh, if you talk to the moon  
Don't you tell me no lies  
When I look in your eyes, oh oh  
Oh oh, if you talk to the moon

Anywhere you go to  
I would want to be your guide  
Anywhere you come from  
I'd be standing at your side

I would like to lead you  
If you can't find the way  
Couldn't be without you  
But you're turning away

Oh baby...

Could it be you're blind?  
Could it be you'll run away, baby?  
Could it be my point of view?

If you talk to the moon  
You'd better let me know soon, oh oh  
Oh oh, if you talk to the moon  
Don't you tell me no lies  
When I look in your eyes, oh oh  
Oh oh, if you talk to the moon

Aah...  
Can't you hear me crying?

Yeah, yeah, yeah, yeah...

Aah..  
Can't you hear me crying?

I'm crying for you

If you talk to the moon  
You'd better let me know soon, oh oh  
Oh oh, if you talk to the moon  
Don't you tell me no lies  
When I look in your eyes, oh oh  
Oh oh, if you talk to the moon

If you talk to the moon

You'd better let me know soon, oh oh  
(Can't you hear me crying?)  
Oh oh, if you talk to the moon  
Don't you tell me no lies  
When I look in your eyes, oh oh  
(Can't you hear me crying?)  
Oh oh, if you talk to the moon
