

Pink Cream 69, That Was Yesterday

Know it's late and love has left me in this empty room
Should I gaze into the coming storm?
When I face the lies I need a drink to get me by
And I taste the tears in your eyes

When the dust finally settles it's just you and me
On a journey to somewhere - I know we will find the way
There were days we were living and feeling so free
In our hearts there was meaning so how can it be?

Can you tell me why the sun don't shine?
Can you tell me why you left me blind?
Will you give me back again what's mine?
Cause I'll be waiting

Can you tell me why you ran away?
Were you looking for a better way?
To confront the life that you've betrayed
But that was yesterday ' yesterday

Should I close the door on all the things that seem so right?
In my mind I shove them all away
When the day is done I try to wash the hurt inside
Cause it makes me feel some kind of happiness

When the dust finally settles it's just you and me
On a journey to somewhere - I know we will find the way
There were days we were living and feeling so free
In our hearts there was meaning so how can it be?

Can you tell me why the sun don't shine?
Can you tell me why you left me blind?
Will you give me back again what's mine?
Cause I'll be waiting

Can you tell me why you ran away?
Were you looking for a better way?
To confront the life that you've betrayed
But that was yesterday ' and I'm still here waiting, oh'

Oh, please tell me why
Can you tell me why the sun don't shine?
Can you tell me why you left me blind?
Will you give me back again what's mine?
Cause I'm still waiting for you

Can you tell me why you ran away?
Were you looking for a better way?
To confront the life that you've betrayed
But that was yesterday

We were living, hearts were dreaming, there was meaning
That was yesterday
We were living, hearts were dreaming, there was meaning
But that was yesterday
That was yesterday
