

# Pink, Hiccup

chorus (x2)

Why everytime i try to tell  
You how i feel  
It's like a hiccup cup-cup  
It just won't come, come  
soon as i think i'm 'bout to share my loving  
that's when  
the hiccups come in

verse 1

you're like a cough on a rainy day  
you know the kind that gives you chest pains, yeah  
and just as things start to feel ok  
then here you come to bring the rain  
you hold me hard and you squeeze me tight  
you let me go then you pick a fight  
you make me wanna scream, cry, and shout out loud  
boy you got me spinning round and round

chorus (x2)

verse 2

my thoughts,  
they kinda shaky [kinda shaky]  
everytime i get around you,  
sweet baby  
sometimes, i don't know what i'm trying to say  
just tell me baby, tell me things are gonna be ok

chorus (X2)

bridge

i, i get all choked up inside, [inside]  
and i don't know what to say [don't know what to say]  
sometimes i wanna just run and hide [no]  
but you just stand in my way [why]

chorus (x2)

vamp (x2)

why everytime i tell you how i feel  
it's like a hiccup-cup-cup,  
and you know the deal  
pink don't think before she speaks,  
but you got me  
feelin', feelin', feelin', kinda weak

chorus (x4)
