

# Pink, Humble Neighborhoods

We don't wanna go home  
We're bad people and we do bad things  
Yeah, we don't wanna go home  
we don't wanna, we don't wanna go  
We're bad people and we do bad things...

Verse 1:

Here we go, don't ya know  
We're the ones that keep it wicked  
Rock n' Roll, all good, mix it up  
That's my ticket  
Cruisin in my Cadillac Escalade tricken'  
Sometimes like it easy, sometimes like it rugged  
Keep control, don't ya know  
Hit the floor, run for cover  
Yeah, flew around the world about fifty times over  
From New York to LA to the white cliffs of Dover  
The road can be my enemy, the road can be my lover

Watch how we do this yeah  
We don't wanna go home  
Yeah watch how we do this yeah  
No, no no we don't wanna go home

Chorus:

From the humble neighborhoods, we're takin' over the dance floor  
We don't wanna go home  
From the humble neighborhoods, we're gettin out of control  
We're bad people and we do bad things

Verse 2:

Here we go, hit the road  
We're the ones that make it crazy  
Mix it up try luck  
This ain't time to get lazy  
Meetin' at 11 in the hotel lobby  
Same faces, different places  
Never knowin' where we going now  
Someday I'm die but it won't be from boredom  
If you've got the skills then I suggest that you throw down  
Meet us at the spot 'cause it's gonna be a showdown  
Naw, you can't ride the bus  
Man you better cool down

Watch how we do this yeah  
Yeah watch how we do this yeah  
We don't wanna go home

From the humble neighborhoods, we're takin' over the dance floor  
We don't wanna go home  
From the humble neighborhoods, we're gettin out of control  
We're bad people and we do bad things

Here we go, don't ya know  
We're the ones that keep it wicked  
Rock n' Roll, all good, mix it up  
That's my ticket  
Cruisin in my Cadillac Escalade tricken'  
Sometimes like it easy, sometimes like it rugged  
Keep control, don't ya know  
Hit the floor, run for cover  
Yeah, flew around the world about fifty times over  
From New York to LA to the white cliffs of Dover  
The road can be my enemy, the road can be my lover

(Watch how we do this yeah)  
We don't wanna go home  
(Yeah watch how we do this yeah)  
No, no no we don't wanna go home

Chorus:

From the humble neighborhoods, we're takin' over the dance floor  
We don't wanna go home  
From the humble neighborhoods, we're gettin out of control  
We're bad people and we do bad things
