Pink, It's All Your Fault

I conjure up the thought of being gone But I'd probably even do that wrong I try to think about which way Would I be able to and would I be afraid

Cause oh I'm bleeding out inside Oh I don't even mind (Yeah)

It's all your fault
You called me beautiful
You turned me out
And now I can't turn back
I hold my breath
Because you were perfect
But I'm running out of air
And it's not fair

I'm trying to figure out what else to say (What else could I say)
To make you turn around and come back this way (Would you just come back this way)
I feel like we could be really awesome together
So make up your mind cause it's now or never (Oh)

It's all your fault
You called me beautiful
You turned me out
And now I can't turn back
I hold my breath
Because you were perfect
But I'm running out of air
And it's not fair

I would never pull the trigger But I've cried wolf a thousand times I wish you could Feel as bad as I do I have lost my mind

It's all your fault
You called me beautiful
You turned me out
And now I can't turn back
I hold (I hold) my breath (My breath)
Because you were perfect
But I'm running out of air (Running out of air)
And it's not fair

(Oh yeah It's all your fault)

I hold my breath Because you were perfect But I'm running out of air And it's not (It's not) fair
