

PinkPantheress, Break It Off

No one ever saw me cry
Until I left the party the other night
Do you remember all the things that you said to me?
That came out of his mouth phonetically

But I'm so used to saying
"I'm fine"
And it's something that you did to hurt me, last year comes to me
Despite Those times
One day I just wanna hear you say
"I like you"

What's stopping you? Hey, hey
Ah, what's stopping you?
What's stopping you?
Ah, what's stopping you?

Wish I could go back and lie beside you on the bed
Why oh why did you break it off? What's stopping you?
I lie here thinking 'bout every bad mistake I've made
Why oh why did you break it off?

But I'm so used to saying
"I'm fine"
And it's something that you did to hurt me, last year comes to me
Despite Those times
One day I just wanna hear you say
"I like you"

What's stopping you? Hey, hey!
What's stopping you?
Ah, what's stopping you?
Why oh why did you break it off?
What's stopping you?
What's stopping you?
Why oh why did you break it off?
