

PinkPantheress, Last Valentines

I crashed my car right into a tree
I'd risk my life for a chance you'd come back to me
You called 999, then left me to bleed
I know you'd never cause an accident for me

I'll count the stars tonight

So last Valentine's, you spent it away
To be with a girl you said you never saw that way
It hurts now to smile, it hurts more to breathe
It makes me so angry all I do is grit my teeth

I still let this man take over me
But I know that I'm not the one it should be
I should really take some time instead
To figure why this plays out again and again

I'll count the stars tonight
Woah, woah, woah
