

Pinnawela, Engine

Well I know Its hard
But I got to
Keep this working right
cuz I know now
If we went so far
We can go through
Any harder times
Cause our loves true
No matter what
We will stay together
Stay together
Stay together
Cause our loves true
Hes my engine
Im his wheels
Hes my anger
Im his tears
Hes my water
Im his air
Hes my man
And Im his girl
As I look back
I can see the pain
But Im a girl, you know
I have tears in my veins
As I look back
I see good things too
Even more I think
Stuck to my head with glue
Hes me engine
Im his wheels
Hes my anger
Im his tears
Hes my water
And Im his air
He is just my man
And Im his girl
I know now
How I would like
Spend with you ,man
The rest of my life
Yes we were strong
Worked really hard
Thats why we went so far
And weve got what weve got
