

Pinnawela, Fly away with the music

I can sing when I'm angry
I cannot when I cry
I am really emotional
Sometimes its going too far
I got to be tough
To keep my voice strong
But I cannot force it
To keep it nice and soft
I gotta eat right
But not too much
So I can store some power
Have place for breath I'll catch
When Im on stage I should
Rhythmically move my ass
But if I wanna sing
During that I will dance
I need to work so hard
Follow the greatest stars
Stay really focused to
Keep fit like Tina does
Simply the best
Yes
I need to get high
But stay here and now
Be conscious speak wisely
When my mind wants to fly
Fly away with the music
cisum eht htiw yawa ylf
I need to find a golden way
To keep this harmony
Be here and now and fly away
Worship silence while I speak
