

Pinnawela, Seducer

After all of these years
That we spent together
I still need to hear
That our loves getting better
I still need surprises
Need to feel beautiful
To know Im the nicest
Girl in our neighborhood
Theres no other
But you
But I need something to do
Theres no other
But you
But I need something to do
I know Im the one
You wont let me go
But there is something
I want you to know
Im still a seducer
And my target is you
My love is exclusive
Cuz its always like new
And Id like to be treated
Like sophisticated lady
No matter what weve been through
How many we have babies
From time to time
I need to put my
Low-cut dress
Use my red lipstick
Make some nice smiles for press
And I need to see you
That you look at me
And you know they fills with jealousy
When they see that we can be
Together, still, faithful and free
Im still a seducer
And my target is you
My love is exclusive
Cuz its always like new
And Id like to be treated
Like sophisticated lady
No matter what weve been through
How many we have babies
