

Pinnawela, Your Own Love

If you want to give some love
you have to find yours first
(your own love)

to you, my dear ,from you
to you, my love, from you
(your own love)

to yourself

1. being with you is a paradise

I dont ever want to end

thinking `bout all the crazy things you said

wasting time,

but in such a lovely way

never end

our relationship I pray

2.somebody said when your love is true

you can never break it down"

and big heart I give to you

at first it is mine.

so I have to create my big heart

inside of me before I will show it to you

do the same

before I start to share my life with you
