

# Piotr Polk, Friends

Sometimes you have a lot of trouble  
Too much one man can bring  
Some help from friends this time you need  
They give you more than think  
Sometimes you drink a wine with friends  
Too much then more you can  
And then, you have a badly day  
They give a relief from pain  
That's right! It's nothing to add!  
You've just hit  
the nail on the head!  
Anytime you need  
The friends indeed  
You need the friends indeed  
Because...  
A friend in need  
Is a friend indeed  
The friend is need  
Indeed  
Anytime you need  
The friends indeed  
You need the friends indeed  
Because...  
A friend in need  
Is a friend indeed  
The friend is need  
Indeed  
Sometimes you meet a beautiful girl  
But you are shy of it  
Somehow the friends to put your ease  
And you became Brad Pitt  
Sometimes you want to sing a song  
But you're so subtle in it  
Then two your friends pleasure assists  
Song fill with sound indeed  
Right! Nothing to add!  
You've just hit  
the nail on the head!  
Anytime you need...
