

Piper Billie, You've Got It

I.Green/J.McLaughlin

You've got what I want

You've got what I need

One touch from you

Brings me to my knees

You've got what I want

Baby can't you see

That no-one else

Will do for me

It's three a.m. no matter

How hard I try, I can't sleep

I close my eyes into my

Imagination you creep

I can almost feel your touch

Washing over me

I'm wishing so hard

That I believe

We had said things

That we don't mean

All the morning light's

Brought reality

If I need you

And you need me

So don't stop

Let's get it on

Babe I miss you

All night long

You've got what I want

You've got what I need

One touch from you

Brings me to my knees

You've got what I want

Baby can't you see

That no-one else

Will do for me

Don't judge the past

Babe it's only history

And let's accept that you and I

Were always meant to be

Step back into my life

Out of my fantasy

I've got a situation remedy

I told another

Lady tonight

Surrender to the

Feeling down inside

If I need you

And you need me

So don't stop

Let's get it on

Babe I miss you

All night long

You've got what I want

You've got what I need

One touch from you

Brings me to my knees

You've got what I want

Baby can't you see

That no-one else

Will do for me

You've got what I want

One touch from you

You've got what I want

Baby can't you see

That no-one else
Will do for me
If I need you
And you need me
So don't stop
Let's get it on
Babe I miss you
All night long
You've got what I want
You've got what I need
One touch from you
Brings me to my knees
You've got what I want
Baby can't you see
That no-one else
Will do for me
You've got what I want
You've got what I need
One touch from you
Brings me to my knees
You've got what I want
Baby can't you see
That no-one else
Will do for me
