

Pissing Razors, Keep to Myself

Hold on strong never fear their void
Never fear their void
Been denied for so long
All my faith keeps true pace
You all said that I would soon fail
But I always knew where I belonged
Keep to myself

[chorus]

Now you want to hear me
I hear you want to sense me
Since you want to know me
I know you want to regret me

Eyes of life vision strength
Now complete, what's it like to feed on beliefs
Cause when I look in your eyes now I know why I
Keep to myself
Keep to myself

[chorus]

Keep to myself
Keep to myself
