

Pitbull, Jennifer Lopez, Sexy Body

I would like to get to know you baby
Like to get a piece of that sexy body
I would like to get to know you baby
Like to get a piece of that sexy body
Like to get a piece of that sexy body

I got the flow to take over the Globe
I got the cribs from the soul
I got the jet fueled up, ready to go
I put my money where my mouth is
I got the bread, the blow
Baby, believe me
Baby you need me
Don't deceive me,
Then we'll be straight
And whenever you see me, baby just tease me
I like a little foreplay, yes, that's great
Now you're thinking thay you know me
But, you don't
Coz I do things tease men won't
These boys act like they're ballers, but they ain;t
I definitely do the things that they can't l;m in my worls, girl
No rules, no laws, no throngs, no bars!
Now show me that sexy body,
Baby, I wanna see it all

I would like to get to know you baby
Like to get a piece of that sexy body
I would like to get to know you baby
Like to get a piece of that sexy body
Like to get a piece of that sexy body
a piece of that sexy body
