

# Pitbull, Messin' Around (ft. Enrique Iglesias)

She's got me like nananananana

She wants to Messin' Around

Talk to

I heard it from a friend

I heard it from a friend

I heard from another that you've beed Messin' Around

I'm hoping that your friend, too, told you about me, too

Cause I'mma tell you straight up, I been messin' around

I been messin' around /4x

The way you lick your lips

I like that

When you act like a bad girl,

I like that

The way you whispering into my ear

How want it , when you want to

I like that

Yes baby, that's right

No talk about

Let's doing

How you want it in the suspension

Go for it,

I'm through it!

We can get freaky in the morning or in the afternoon

We can go all night long, baby, it's all up to you!
