

Pitbullfarm, Human Erection

Spinning and rolling, looking for you,
Giggling and smiling, know what to do,
So cute little baby, tonight you'll feel pain,
I GONNA DECORATE THE WALL WITH YOUR BRAIN!!!

I'm a human erection,
A topfuel injection,
A deadly infection,
I fuck you all,

Everyone needs a hobby, mine is to kill,
Rip out your intestines, carve and drill,
Hear me laughing as I rip out your spine,
YOUR MISERABLE LIFE IS FUCKING MINE!!!

A young life taken, so tragic I say,
But I'm still happy that she made my day,
Full erection, now what shall I do?
I'm not done yet so I come for you,
