

Pitchshifter, Diable (Therapy? remix)

Sit back, relax, forget it.

Can't hate me like I do, I know me better.

Sit back relax, don't think don't sweat it, forget it.

(Just) can't hate me like I do, I hate I know me better.

No thoughts, no time, no questions.

Can't waste it like I do, I know me better.

No thoughts no time, no questions, no choice no answers.

(Just) can't waste it like I do, I waste I had more chances.
